SPOT LIGHT – ALUMNI ACHIEVEMENT

CONGRATULATIONS!!!

AASTHA PAREKH,
Alumna of EST 2015
Batch, for receiving award
of Safety and health in 5S
competition!!

CHARMI PANCHAL- Alumna of
EST 2013 Batch, has joined
Hindalco - Dahej as Executive –
Environment

Congratulations to Charmi

Alumni Talk

“LIFELONG LEARNING”

Hi, I am Daksh Makwana. I am working in the chemical industry at Jaghadia. It has just been four months since I started working, but I feel, I have received learning of a lifetime. Recently there was an accident in the industry. The pressurized steam was accumulated in a digester and was not able to exit despite having a globe valve and a safety valve. To my personal opinion, the incident was a combination of both human error and equipment failure.

DAKSH MAKWANA
Chemical Engg. Alumni
from adm. batch 2017

We now understand the importance of the subject, we were taught in semester-6, “Process Safety management”. It is a multidisciplinary field that encompasses many important aspects of preventing and mitigating industrial accidents at facilities with hazardous processes. My suggestion to my juniors studying pollution control and safety management is to gain a ‘good understanding of process safety and why and when to use different evaluation methods.’

No matter, how advanced technologies we develop and implement, human intuitiveness, knowledge, proactive behavior, and awareness towards surrounding is of utmost importance. Installation of advanced instrumentations is helpful, but continuous monitoring, timely calibration, servicing, and proper and frequent training at all levels are vital. Addressing process safety prevents serious injuries and illnesses, property damage, lost production, and negative environmental impact. The incident has given me lifelong learning in my early days in my professional career.

Alumni from admission batch 2017

Alumni Experience sharing

I am Ujjawal Kumar, (2016-20 Batch) from Chemical Technology branch.

I am sharing my Experience of SCHEMCON. The Students' Chemical Engineering Congress (SCHEMCON), an annual event organized by the Students' Chapter of Indian Institute of Chemical Engineers (IIChE).

The 15th Annual Session of Students' Chemical Engineering Congress, SCHEMCON 2019, was held on 17, 18 October 2019 at Ankleshwar, Gujarat, which was organized by the Student Chapter of IIChE, Department of Chemical Engineering, SRICT.

It was 1st SCHEMCON in which I had ever participated. So, It was a totally new experience for me and apart from any Polymer Topic that was my exact field. I worked on Reaction Engineering and my topic was "Optimal Design of Ammonia Synthesis Reactor by using MATLAB software".

The whole study was done under the guidance of Dr. Omprakash Mahadwad. He helped from all available resources and articles. In the conference, the guest & Judges appreciated for the presentation. Although, I did some mistakes during Q&A session but, I gained a lot from the conference.

So, When we do something apart from our comfort, a little success can enhance your confidence and personality growth in dynamic perspective. Today, In industry, we present our work every next day. It is important to work, but it becomes very important to present it in a proper manner.

Wish you all , Best of Luck.

Thanks

ALUMNI TALKS

Hello!

I am Ashu Singh, I have completed by B.E. (Electrical Engineering) in 2018 from the best institute i.e., SRICT which is well known for its studies, placement, laboratories and all other professional as well as extra-curricular activities.

As an SRICTian, I got exposure in inter-college technical programs, industries, seminars, paper presentations, etc. I also got chance to interact with my juniors while performing PLI's, expert lectures & clearing their doubts.

After completing my engineering, I got placed in BYJU'S the learning application as a Business Development Associate at a package of 10 Lakh per annum. Faculties of SRICT help me to clear the interview as a well as training too. I have given 3 years to this job and also become the Manager. But since my childhood I have already decided to become an Entrepreneur this year I quit my Job and started my own firm known as **Creative Engineering** under which we are doing all kind of Industrial Fabrication work. Workshop is also located in GIDC Ankleshwar and living happily.

If you are reading this Article as a SRICTian certainly or uncertainly then I would say you are very lucky that you are part of this system.

It's an honour to be an alumni member of SRICT, as everyone easily recognizes us & also praises our institute for its vibrant culture.

ALUMNI TALKS

વર્ષ 2011ના ઓગસ્ટ મહિનાની એ ઘટના છે કે, જ્યારે મેં SRICT નામની તે જ સમયે શરૂ થયેલી કોલેજની પ્રથમ બેચમાં એડમિશન લીધું હતું. ત્યારથી જ હું મારી પોતાની જાતને અને આ કોલેજને વિકસીત થતાં જોઈ રહ્યો છું અને આજે આ બંનેને નિહાળું છું તો એક દાયકાની આ વિકાસ પ્રક્રિયા એક જ ક્ષણમાં વિચારોનો આખો ધોધ વહેતો મૂકી જાય છે.

હું આજે જે કંઈ પણ છું તેની પાછળ મારા એન્જિનિયરિંગના તે 4 વર્ષોનો ઘણો મોટો ફાળો રહેલો છે. હાલ હું અખિલ ભારતીય સ્તર પર કામ કરતી એક કોચિંગ ઇન્સ્ટિટ્યૂટના એજ્યુકેટર તરીકે ગુજરાતના અલગ-અલગ શહેરોમાં UPSC અને GPSC ની સ્પર્ધાત્મક પરીક્ષાની તૈયારી કરતા વિદ્યાર્થીઓને કોચિંગ આપુ છું. આ ક્ષેત્રમાં મેં જે કંઈ પણ સફળતા મેળવી છે તેમાં SRICT માં ગાળેલા એ વર્ષો અને ત્યાંના એજ્યુકેટેર્સનો ફાળો બહુમૂલ્ય છે. ડો. રાજેશ ચૈયર, સમીર સર, હિરેન સર અને ગિરીશ સર વગેરે દ્વારા આપવામાં આવેલા પ્રોત્સાહનો, શિસ્તનાં પાઠો (Compulsory formal clothing in viva!!) તથા PPT પ્રેઝન્ટેશનની અને સ્ટેજ પર બોલવાની તકો ઉપરાંત ઔદ્યોગિક મુલાકાતોમાં મળેલા વાસ્તવિક અનુભવો વગેરે એ મારો જે વિકાસ કર્યો છે તેના જ આધાર પર મારી હાલની કારકિર્દી ઘડવામાં મને મદદ મળી છે. આ ઉપરાંત કોલેજની 'કથન' મેગેઝિનમાં કવિતાઓ અને લેખો લખતી મારી કલમ એક સ્વતંત્ર પુસ્તકનાં લેખન સુધી પહોંચી શકી છે. આમ, તે 4 વર્ષોની મારા વ્યક્તિત્વ વિકાસની પ્રક્રિયામાં સહાય કરવા બદલ હું મારાં શિક્ષકો અને SRICT કોલેજ માટે હંમેશાં માટે કૃતજ્ઞ રહીશ.

Sonil Piyushbhai Thakkar
ME- 2011-2015

Few Glimpse of old memories from ME 2011-2015 Batch

We remember goofing around with friends in campus. We miss those days, friends and place. We look back at the times spent in the college, organizing and attending events, time well spent in canteen, class rooms, labs and play ground.

WHAT'S HAPPENING

ON CAMPUS

For such happening campus; SRICT, its difficult to cover all the activities. We showcase the glimpse of few recent activities.

Back to OFFLINE ACTIVITIES: Chemical Technology Department has organized an industry visit at Apex Pharma Chem, Ankleshwar GIDC on 27th November 2021 for 1st year BE students of Chemical Technology, Environment Science & Technology, Mechanical Engineering and Electrical Engineering Students.

Department of Electrical Engineering-SRICT and IE(I) Student Chapter Electrical Engineering have jointly organized an Expert Lecture with the kind cooperation of Ms. Madhu Ars titled as "Understanding Ethical Culture in organization" for Sem 6 Electrical Engineering students on 22nd Nov 2021 at 10:30 am

Tradition at SRICT continues..

ABHYUTTHAN 2021: Online felicitation program was organized to felicitate the post graduate and BE 2018 batch, 6th semester students for their GTU results of summer 2021.

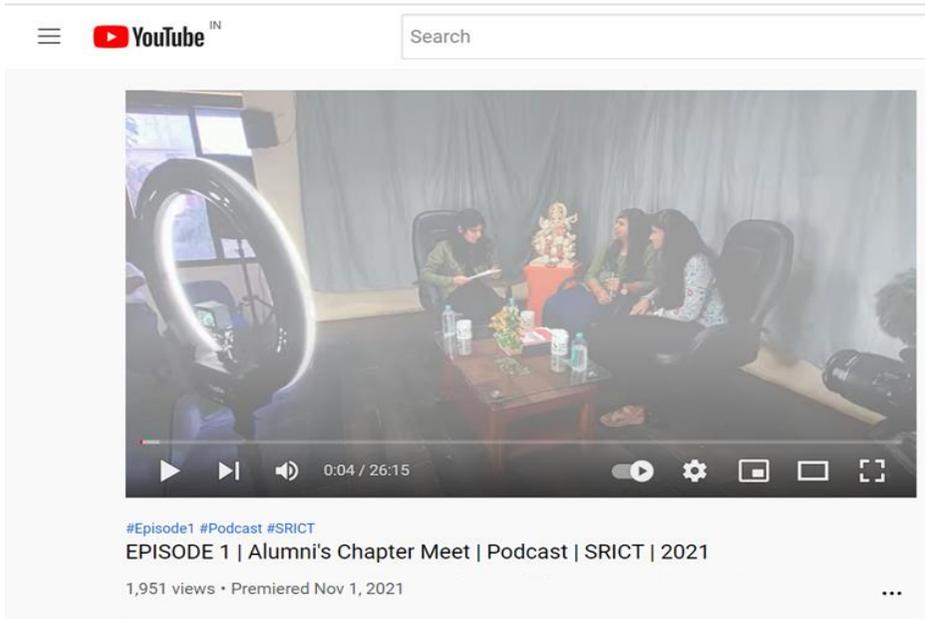

SAMPARK ABHIYAAN: Department of Environmental science & Technology organized an online parents teacher meeting on 22nd November 2021. Active response was received from the parents of different semesters of BE, ME & Diploma.

MoU has been signed between SRICT -CoE and DISH (Director Industrial Safety and Health) Government of Gujarat on 28th October 2021.

Alumni's Chapter Meet

The first episode of Alumni's Chapter Meet was released on 01st November. The interview is available on you tube. One may see it on You Tube "Alumni's Chapter Meet". The second episode will be released soon in the month of Feb/Mar 2022.

From the desk of editors

Hello Readers,

A huge thanks to those who share their experience and journey. We invite more alumni to share their experience and stay connected to the alumni association and Institute.

The board members had an outing before Diwali holidays. We invite more members to engage themselves. We plan to organize a cricket match for alumni members on one of the Sunday followed by a fellowship meeting.

Write us back on setu@sriect.in
