ALUMNI JOURNEY

NAME - DIPAK UTTAM JEJURKAR
DEPARTMENT- CHEMICAL TECHNOLOGY (2019 - 2023)
COMPANY NAME - GRP LTD

Hello,

As an alumni of SRICT, I am Dipak Jejurkar, a D2D student of Chemical Technology from Batch 2019 to 2023. I'm from Pune, Maharashtra.

Firstly, I want to express my gratitude for the opportunities and education provided by the institution. Their testimonials frequently highlight the quality of faculty, diverse learning opportunities, and the supportive campus environment. I believe addressing these aspects could contribute to a more enriching and supportive learning environment for current and future students.

With the help of my department, I got an internship at GRP Ltd. in R&D. Currently, I work as an GET in R&D at GRP Ltd., Panoli.
My special thanks to the Chemical Technology Department for always guiding us in each and every stage.

Yours sincerely
Dipak Uttam Jejurkar

ALUMNI JOURNEY

NAME - PATOLIYA BHAUTIK
DEPARTMENT- MECHANICAL ENGINEERING (2011-2015)
COMPANY NAME - UPL AS A PROJECT ASSOCIATE 2019

Hello,

My name is Patoliya Bhautik.
I am the passed out student from SRICT and feel so much proud of that. I have pursued B.E. Mechanical from SRICT, Vataria from year 2011 to 2015. After completion of my graduation, I had started my professional career with Sajjan India Ltd., Ankleshwar for 4 years. Later on, I joined UPL as a Project Associate in 2019.

During my journey, I have acquired various skills like maintenance, engineering, project engineering, project coordination and project management.

I am hearty thankful to all concerns of the SRICT for what I am today.

Yours sincerely
Bhautik Patoliya

ALUMNI JOURNEY

NAME - RAHUL BHAGAT
DEPARTMENT- CHEMICAL ENGINEERING (2015 - 2019)
COMPANY NAME - CHAMPION ADVANCE MATERIAL PVT.LTD.

Hello,

I am very glad to share my journey of pursuing Chemical Engineering and in 2019 I got placed in ETL and had a very great exposure of industrial life for three years. Currently I am working in champion advance material pvt ltd. I am very happy to share my happy and joyful journey at SRICT.

Starting from faculties to students I am very grateful that I was surrounded by very immense and knowledgeable people; Alok Sir, Krunal Suthar Sir, Chintan Sir, Niraj Sir, Hemant Sir and all other faculties are so kind and always helped me too grew as professional human being moreover Mr.Ashok Panjwani sir's One to one session were so motivating that helped me to gain good commitment skills and to achieve my commitment of SPI and CPI. I am deeply grateful for the academic support and guidance I've received at SRICT, which has equipped me with the skills and knowledge necessary for my future career. The lessons I've learned here will undoubtedly be the foundation of my success.

Yours sincerely
Rahul Bhagat

ALUMNI JOURNEY

NAME - RIYA PRASHANT JADHAV
DEPARTMENT- ELECTR ENGINEERING (2017-2021)
COMPANY NAME- UPL , DAHEJ.

Hello,

My name is Riya Prashant Jadhav. I completed my B.E electrical engineering from Shroff SR Rotary Institute of Chemical Technology 2021 now also know as Sustainable technology of UPL University currently working at UPL, Dahej.I'm here to share my views that how SRICT help me to shape my career. SRICT prepares me to face challanges in my career. Main moto of this institute is to make dreams into reality.

In SRICT one-to-one meeting is organized with vice chairman Mr. Ashok panjwani sir, in which sir personally talks with the students and encourage them about their destiny. SRICT also arranged industrial visit, Expert lectur, co-curricular activities. So students can get more practical knowledge of their respective fields . To boost up your confidence.SRICT provide peer learning initiative. SRICT also offers cash rewards to motivay students hard work. Then SRICT also organised National level techfest, Revafest (our annual function), sport day etc. Thus it's such a great platform to build up great engineering future. Then coming to the heart of SRICT family that is Faculties. As per my own experience that I have seen during my 4 year journey. Faculties are very much flexible and are always supportive to us. They were extremely friendly with us and they always insist in making PPTs, sending soft material & assignments.

I would like go conclude that SRICT (now UPL University of sustainable technology) is a place which is a combination of ideas, entertainment, motivation & many more things, not only limited to education.

Your Sincerely,
Riya Prashant jadhav

ALUMNI JOURENY

NAME- TASVIR PATEL
DEPARTMENT- ENVIRONMENTAL SCIENCE & TECHNOLOGY(2016-2020)
COMPANY NAME- ZYDUS LIFE SCIENCE UNITED LIMITED UNIT-1, ANKLESHWAR.

Hello,

I am Tasvir Patel, alumni from Department of Environmental Science and Technology, admission batch 2016. After completion of my Bachelor studies. I am working as a senior executive in EHS Department in Zydus Lifescience LimitedUnit-1, Ankleshwar.

College life plays a significant role in every individual's life, it tends to diversify our mind, and provides us with a broader platform to understand and prove ourselves. It's a place where we build a bigger foundation of our life, and we discover and evolve ourselves. The need to be more responsible automatically comes in the way too.

Our college has been one such factor for me as well. It assisted me with my overall personal development, be it encouragement for studying, enlightening technicalities, or exploring recreation grounds. We have seen SRICT from 2 phase building to a fully fledge successful university and I feel so proud that I am a part of SRICT. People might try to motivate you by saying that you need to study only through your school years and chill during college life, but that isn't true.

SRICT taught the important lesson of life that learning never ends. In every nook and corner of the college, you'd find a peaceful spot full of natural surroundings, whose value you will only realize once you graduate from your campus.

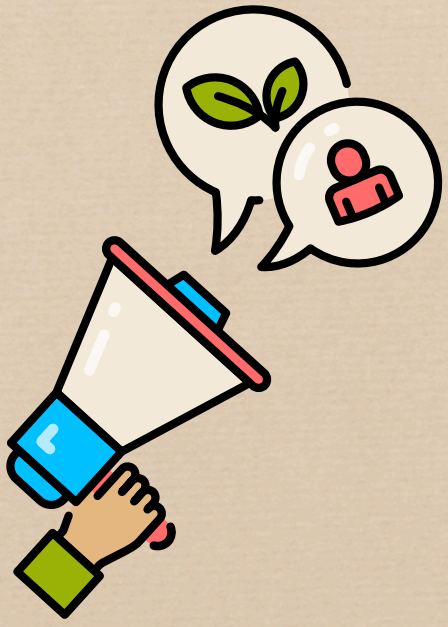

Your Sincerely,
Tasvir Patel.

ALUMNI SPEAKS

Hello,

I am Shatayu Deshpande,currently an MTech student in the Department of Materials Engineering at the Indian Institute of Science (IISc), Bengaluru. My academic journey began at Shroff S.R. Rotary Institute of Chemical Technology, now UPL University of Sustainable Technology, in 2017, where I pursued a BE in Chemical Technology. SRICT provided a robust foundation in both knowledge and skills through a diverse curriculum aligned with industry demands. The institute also offered various activities such as industrial visits, expert talks, and cultural programs, contributing to my overall personality development. Additionally, SRICT provided scholarships that motivated me to learn efficiently and apply my knowledge effectively.Specializing in Polymer and Rubber Technology, a sub-branch of Chemical Technology, I discovered the potential of this field. Under the guidance of dedicated faculty and supportive management at SRICT, I overcame my weaknesses and fears, boosting my confidence to pursue further studies. The comprehensive coursework at SRICT equipped me with the essential knowledge required for my MTech at IISc. SRICT is an excellent institution that prepares students to meet industry challenges, broadens their vision for future opportunities, and helps shape their desired careers.

Thank You All.

योग दिवस

YOGA

WHATS HAPPENING AT CAMPUS

On June 21, 2024, UPL University of Sustainable Technology celebrated **International Yoga Day** with great enthusiasm, highlighting health, wellness, and mindfulness.

The event featured Yoga Masters Aayush Shah for the male staff and Devanshi Sardhara and Hitisha Goti for the female staff, bringing a unique and enriching experience.

The celebration began with a welcome address from the Provost, emphasizing yoga importance. Masters Shah, Sardhara, and Goti led engaging sessions, offering various yoga styles, breathing exercises, and meditation techniques. Participants appreciated the serene and inclusive atmosphere, with clear and motivating guidance. The positive feedback highlighted the event success, and UPL University looks forward to continuing this tradition.

ADMISSION OPEN

UPL UNIVERSITY OF SUSTAINABLE TECHNOLOGY

Admissions Open 2024 - 25

Postgraduate Diploma Courses for Working Professionals

ENVIRONMENTAL COMPLIANCE & SUSTAINABILITY

- Duration of course: 1 Year
- Weekday online course(2 days per week)
- Participants:- professionals working or willing to work in the field of sustainability.

Coordinator:- Dr. Pratibha Gautam (MO. 8141013590)

PROCESS SAFETY

- Duration of course: 1 Year
- Faculties: - Indian SMEs / Retired PSM Professionals / Industry Experts / Faculties from UPL University
- Participants: - Chemical / Instrumentation/ Mechanical / Engineers from Industry / B.Sc./M.Sc.
- **Coordinator: - Dr. Omprakash Mahadwad (MO. 8975033066**

INSTRUMENTATION, AUTOMATION & ROBOTICS

- Duration of course: 1 Year
- Hybrid mode - 8 hours per week
- Participants:- Any Graduate in the field of Electrical /Instrumentation/Electronics/Mechanical Engg.
- **Coordinator:- Dr. Jalpa Thakkar (MO. 9998005760)**

PIPING ENGINEERING

- Duration of course: 1 Year
- Online mode - Only Saturday
- Participants: -Diploma/B.E.-Chemical/Mechanical/Civil/Envir. Engg. & Science graduate with 5 Yrs experience in production/project dept.
- **Coordinator: - Mr. Chintan Modi (MO. 8866413808)**
