# Alumni Journey

NAME - DEVRAJSINH SUNVA
DEPARTMENT - MECHANICAL ENGINEERING (2012-2016)
COMPANY NAME - MRF, DAHEJ

Hello Readers,

I am Devrajsinh Sunva, student of 2012 batch alumni of SRICT. I did bachelor in Mechanical Engineering at SRICT from 2012-2016. It gives me an immense pleasure to share my journey with you all. I loved the environment of SRICT throughout my study the way the faculties were delivering the lectures, the way the management recognized the potential of each and every students and provided motivation through felicitation to achieve great result by working hard. Today, I am at the post of a Senior Mechanical Engineer only through the inspiration and motivation provided to us during our college days. If, I brief about my journey, after passing graduation from SRICT, I started to work as a GET in Wind World India Pvt.Ltd. and worked there for a period of 2 yrs and 4 monthsfollowed by BEBITZ FLANGES WORKS PRIVATE LIMITED for a period of 8 months. Then, I joined, MRF, Dahej in april-2019 as a Junior Mechanical Engineer and at present I am serving MRF as a Senior Mechanical Engineer position.

Thank You All.

# Alumni Journey

NAME - PRANJAL DWIVEDI
DEPARTMENT - ELECTRICAL ENGINEERING (2020-2024)
COMPANY NAME - BEIL INFRASTRUCTURE LIMITED

Hello Readers,

I am writing to express my sincere gratitude for selecting me through the campus placement process at SHROFF INSTITUTE OF CHEMICAL TECHNOLOGY. I am thrilled and honored to have been chosen for the Electrical engineer role at BEIL INFRASTRUCTURE LIMITED. I want to thank you for providing me with this incredible opportunity to start my career. I am excited to learn and grow with your team and contribute to the company's success. Please accept my heartfelt thanks to everyone involved in the selection process. I am looking forward to joining your team and starting my journey on 01/07/24 .
Thanks once again for believing in me and giving me this chance.

Thank You All.

# Alumni Journey

NAME - DIPAL TALATI
DEPARTMENT - CHEMICAL ENGINEERING (2015-2019)
DESIGNATION - BUISNESS OWNERSHIP

Hello readers,

It is said “DISCIPLINE IS BRIDGE BETWEEN YOUR GOALS AND ACCOMPLISHMENT”, Well learnt from SRICT and now practicing it in my professional life. Bing a student of SRICT, I am very glad to share my journey of pursuing Chemical Engineering and in 2019 I got placed in BEIL and had a very great exposure of industrial life for one year.
The college teaches you consistency and persistence which helped me a lot in my everyday life. I had the pleasure of completing my graduation from SRICT College under the guidance of highly efficient Professors and Management. Engineering course is not just a process of earning a bachelor’s degree. It is a period which defines your life. You enter a college as a confused teenager and a right Institute serves the very purpose of moulding you up in each and every respect and SRICT does a very good job in doing that. With all those skills acquired I have started my own business. I extend my gratitude to all who have been a part of my journey.

Thank You All.

# Alumni Journey

NAME - NIRALI PATEL
DEPARTMENT - ENVIRONMENTAL SCIENCE & TECHNOLOGY (2016-2020)
DESIGNATION - ENVIRONMENT ENGINEER -ANKLESHWAR NAGARPALIKA

Hello Readers,

I am Nirali Patel, I have completed my Bachelors in Engineering from SRICT and completed my Masters in Engineering from L.D College of engineering, Ahmedabad in June 2022. I am currently working at Ankleshwar Nagarpalika as an Environment Engineer. I am sharing my college life experience. My four years journey at SRICT has been a transformative experience. Looking back at my 4 years journey through college has been an incredible adventure filled with growth, challenges, unforgettable moments and lots of fun. In my initial months I used to be an introverted girl who didn't even have confidence to talk as well as interact with other people. But soon I was transformed and changes were noticed, this is all because of supportive friends, mentors as well as guides. College has been a transformative experience, equipping me with not only knowledge but also the skill and confidence to face the world in near future which helped me a lot. Soon after some semesters passed I got good results due to the support of faculties and very friendly classmates. Beyond academics, college life was a whirlwind of social interactions and personal development.

Thank You All.

# Alumni Speaks

NAME -PIYUSHKUMAR PATEL
DEPARTMENT - SRICT-ISR (2022-2024)

I am Piyushkumar Patel, I completed my Master of Science in Organic Chemistry from UPL University of Sustainable Technology in 2024.

My two years at UPL University of Sustainable Technology have been an excellent memory to cherish for a lifetime. The time spent has been full of learning opportunities. The relationship between the students and faculty members is more like that of friends. The teaching faculty is fantastically knowledgeable. They have pushed me all the way to success in my career. I have learned from amazing teachers and mentors. I have been influenced by the style that they carved in me—believing in yourself is the lynchpin of exceptional leadership.

In 2023–24, I was honored with the “Best Student of the Year” award, a testament to the wonderful support and opportunities provided by UPL University.

I loved the freedom that college gave me, which prepared me to face the real world and be an independent achiever. The college also has a wonderful track record of organizing various industrial visits, guest lectures, and conferences, which gave the industry exposure and practical sense to various things. The college provided an adequate ecosystem with the best-in-class facilities—a hostel, library, laboratory, sports area, and many extracurricular and co-curricular activities.

Thank You All.

Designation - Manager (Health & Safety) at BELL BCE, Ontario - Canada

गुरु पूर्णिमा

# Spotlights

Shroff S R Rotary Institute of Chemical Technology now UPL University of Sustainable Technology organized Convocation ceremony “**ABHYUDAY** 2024” to felicitate 147 Engineering aspirants of SRICT at Diamond Children’s Theatre, GIDC, Ankleshwar on 16 th July 2024. The efforts were appreciated with Certificate of Appreciation and Cash Awards of Rs. 1.15 lacs. It is noteworthy that in total 56 students scored SPI of 10 and the Gold medal was bestowed upon one brilliant student for her remarkable contributions: Desai Zeel Anant from BE Environmental Science & Technology of Semester VIII.

## ABHYUDAY 2024

The program was held in the August presence of Mr. Subhat Jindal – Chief of Operations & Executive Vice President of Aarti Industries Ltd. as chief guest, Mrs. Sandra Shroff, Chairman, Ankleshwar Rotary Education Society (ARES), Mr. Ashok Panjwani, Vice-Chairman, Ankleshwar Rotary Education Society (ARES) and distinguished members from management committee, President of Rotary Club of Ankleshwar Rtn. Sunil Neve, Prof. Shrikant J. Wagh, Provost of UPL University of Sustainable Technology, as well as other university officials, faculty members, staff, parents, and students. The occasion was marked by blessings, well-wishes, and a sense of pride as they celebrated the achievements of these accomplished individuals.

# What's Happening At campus

An Exclusive Industry Interaction Meet was jointly organized by UPL University of Sustainable Technology and **CSIR-Indian Institute of Chemical Technology**, **Hyderabad** on July 10, 2024, with the aim of addressing specific challenges encountered by industries.

The event was honoured by the presence of Dr. D Srinivasa Reddy, Director of CSIR-IICT, accompanied by his team of 18 scientists. Prominent personalities of UPL University such as Shri Ashok Panjwani, President of UPL University, Trustee Shri Kishore Surti, Shri Bhupendra Dalwadi, Provost Dr. Shrikant J Wagh, along with Registrar, Deans and HoDs from UPL University,also graced the occasion. Honourable officials from various industries, including Mr. B D Dalwadi, CEO of BEIL Infrastructure Ltd., Mr. Pravindan Gadhvi, Unit Head of UPL (Unit-5), Mr. Vinod Singh, Unit Head of UPL (Unit-1), Mr. Parag Sheth, Owner of Ambica Salts Industry, Mr. Parag Shah, Site Head of Deccan Industries Ltd., graced the occasion. Mr. Sunil Neve, President of Rotary Club of Ankleshwar along with other Rotarians also attended this unique event.

Representatives from more than 30 different industries totaling over 100 participants discussed their issues, and the valuable insights provided by the distinguished scientists were highly beneficial to all attendees.
The feedback from the recipients was extraordinary and has opened new horizons in research and academia industry collaboration . The initiative shall pave the way to troubleshooting of prominent issues specifically related to the environment, chemistry, chemical engineering, and energy, which is one of the basic goals of our university, being a university of Sustainable Technology.

# What's Happening At campus

**NSS**, UPL University of Sustainable Technology, Vataria organised a presentation competition for "**Awareness of De-addiction**". Many students enthusiastically participated in the presentation competition and defined the effect of drug addiction in society. After completion of presentation NSS volunteers took a pledge saying "**NO TO DRUG ADDICTION**". The pledge signified that personal and collective stand against the detrimental effects of drug abuse, which can devastate individuals and communities. This initiative aims to raise awareness about the dangers of drug use, promote prevention strategies. It also encourages the community to come together, offering resources and encouragement to those who might be struggling, and reinforcing the message that a drug-free life is a cornerstone of a thriving and prosperous society.

# Celebrating

13 years ago we had the inauguration of Shroff S. R. Rotary Institute of Chemical Technology (SRICT) Journey continues as now UPL University of Sustainable Technology.

Thanks to all our Well wishers, Faculties, Staff, Parents & Students.

# From the Desk of Editors

This month we organized the Abhyudaya Convocation Ceremony and completed 13 years of our university. It's been a great journey, We hope we will continue to make progress in the world of education. A Warmest Congratulations To UPL University On this Foundation Day.

Looking forward to stay connected
