ALUMNI JOURNEY

NAME: RICHABEN PATEL
DEPARTMENT: CHEMICAL TECHNOLOGY(2019-2022)

My journey at Shroff SR Rotary Institute of Chemical Technology was nothing short of transformative, marked by an exceptional education and a wealth of opportunities. The professors, renowned for their expertise, were also approachable mentors who fostered a deeper understanding of engineering through immersive hands-on projects and enriching internships. The institution's steadfast focus on practical skills, critical thinking, and innovative problem-solving played a pivotal role in shaping my academic and professional trajectory.

The vibrant campus life, state-of-the-art facilities, and inclusive atmosphere added a unique charm to my college experience, creating an environment where both personal and intellectual growth flourished. While I would suggest an enhancement in mental health support services, my time at the college was profoundly rewarding, equipping me with the knowledge, skills, and connections necessary to excel in my career. For anyone seeking a holistic and enriching educational journey, I wholeheartedly recommend Shroff SR Rotary Institute of Chemical Technology.

Thank You All

ALUMNI JOURNEY

NAME: SAKSHI SANTOSH DIGHE
DEPARTMENT: DIPLOMA COMPUTER ENGINERRING (2021-2024)

My journey with UPL University has been a transformative and enriching experience that has significantly enhanced my personal and professional skills. From the moment I stepped into the campus, I was immersed in a culture of innovation, creativity, and excellence.

Throughout my time at UPL University, I had the privilege of being mentored by experienced faculty members who not only imparted knowledge but also inspired me to think critically and solve problems creatively. The curriculum was thoughtfully designed to balance theoretical foundations with practical applications, allowing me to develop a deep understanding of my chosen field.

One of the most significant takeaways from my journey at UPL University has been the development of my soft skills. Through various extracurricular activities, group projects, and presentations, I honed my communication, teamwork, and leadership skills, becoming more confident and articulate in my interactions.

The university's emphasis on industry-academia collaboration provided me with opportunities to engage with professionals from renowned organizations, gaining valuable insights into the latest trends and best practices in my field. These interactions not only broadened my perspective but also helped me build a network of contacts that have been invaluable in my professional journey.

As I reflect on my time at UPL University, I am filled with a sense of gratitude and accomplishment. The experience has not only equipped me with the knowledge and skills required to excel in my profession but has also instilled in me a growth mindset, a strong work ethic, and a passion for lifelong learning. I am confident that the lessons I learned and the relationships I forged during my time at UPL University will continue to inspire and guide me as I navigate the challenges and opportunities of my future.

Thank You All

ALUMNI JOURNEY

NAME: JAYENDRASINH DEVADHARA
DEPARTMENT: ELECTRICAL ENGINERRING (2020-2023)

I had an incredible experience at Shroff SR Rotary Institute of Chemical Technology. The quality of education was exceptional, providing numerous opportunities for personal and professional growth. The professors were highly knowledgeable and always willing to help, guiding me through hands-on projects and internships. The emphasis on practical learning and critical thinking significantly enhanced my academic journey. The campus was very safe and had a vibrant, inclusive atmosphere that enriched my time there. Although there could be improved support for mental health, my overall experience was truly transformative. I graduated with a solid foundation of knowledge, valuable skills, and a strong professional network. I wholeheartedly recommend Shroff SR Rotary Institute of Chemical Technology for anyone seeking a fulfilling college experience.

Thank You All

ALUMNI JOURNEY

NAME: JAINI NAGAR
DEPARTMENT: ENVIRONMENTAL SCIENCE AND TECHNOLOGY (2012-2016)

This is my 4 years of journey at Shroff S. R. Rotary Institute of Chemical Technology. Starting my college journey was a little scary for me, so many questions crossed my mind. Was I ready? Did I know where I was going? Was I prepared? So many things. I thought the transition process might be awful. But then, the first day arrived and it was a huge success. After my first day I knew that my college journey was going to be fun and I was fully prepared for what my future held. It was the beginning of a roller coaster ride. College is the time when you meet new people and explore new things. It is time when you fully transform into an adult.

In these four years of my college, I have come across lots of struggle, be it with my grades or adjusting with the environment and new friends. There were times when I faced situations like submitting assignments, making PowerPoint presentations, presenting seminar papers and stress of Semester Exams but with the passage of time, I learned to find the silver lining and then everything began to get interesting, Spending time with friends, enjoying the canteen food, working together as team and winning it. I find myself fortunate to have brilliantly inspiring faculties and staff, supportive seniors and amazing classmates. Besides all of these, SRICT is very constructive about the Industrials Visits, PLI (Peer Learning initiative),

Academics Excellence Awards, Cultural and Technical Fest. It offered me the opportunity to change myself in a generous way with self-confidence, discipline and knowledge. It has inspired all of us to work hard enough to excel in our own area of interest. Overall the journey of 4 years was out of the box experience for me. To wake up every day knowing that I get to do what I love was worth the long journey. I am honoured to be an alumnus of such an institute where we were taught to inculcate enough courage to face the real world.

Thank You All

ALUMNI JOURNEY

NAME: VISHAL SHAH
DEPARTMENT: MECHANICAL ENGINEERING (2011-2015)

My name is Vishal Shah, team leader Mechanical at UPL, is an alumni of SRICT and were the student of the very first batch of the SRICT (2011-2015).

After completion of my graduation, I have worked with NOCIL ltd as a Graduate Engineer Trainee for a period of 1 year and then almost for a tenure of 3 years I have played a role of maintenance engineer in the same industry. Where I have added value to my professional career as being an expert in troubleshooting and repair of rotary equipment, vacuum steam ejectors. Along with this, I have learnt the SAP software and operated the same for the maintenance.

After working with NOCIL I joined Coromandel International Ltd, as Officer Mechanical and then Navin Flourine International Ltd as an executive.

At present I am working with UPL ltd as a team leader for the past 3 years.

It was a nice experience with SRICT institute and overall learning during college days and now.

Thank You All

ALUMNI SPEAKS

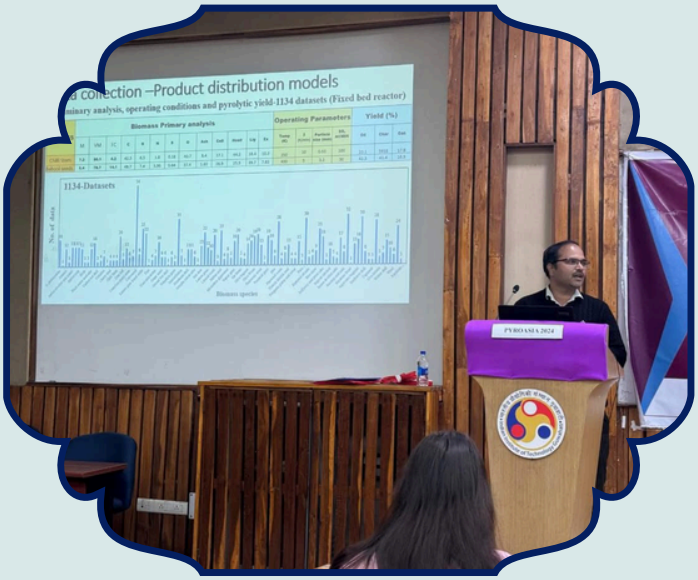

I am Saurabh More, a proud alumnus of the 2019 batch from SRICT now known as UPL Univenity of Sustainable Technology, where I completed my bachelor' in mechanical engineering from 2019 to 2023. During the campus placement, I was fortunate to be placed at Gujarat nuorochemicala Ltd. (GFL), and I am currently working as a Graduate Engineer Trainee at GFL. As put of my GTU internship during the 8th semester, I had the opportunity to intern at Sun Pharmaceuticals Industries Ltd. from January to May 2023. This experience helped me gain valuable insights into the industry. Throughout my academic journey, I have developed both technical and non-technical skills, including utility system analysts, mechanical and plant maintenance, leadenhip, and effective communication. I am deeply grateful to all my faculty memben, staff, and, of coune, my dear classmates for their continuous support and guidance, which has been instrumental in my overall growth and in kickstuting my career with this prestigious organization.

SPOTLIGHT

Dr. Hemant Balsora received the Best Oral Presentation award (under the technical session Modelling in Pyrolysis) in the 4th International Symposium on Analytical and Applied Pyrolysis, which was held at IIT, Guwahati, from 28 to 29 November 2024. He delivered a research presentation on "**Prediction of Biomass Pyrolysis Product's Yield Using Artificial Neural Network Based Machine Learning Models.**"

SPOTLIGHT

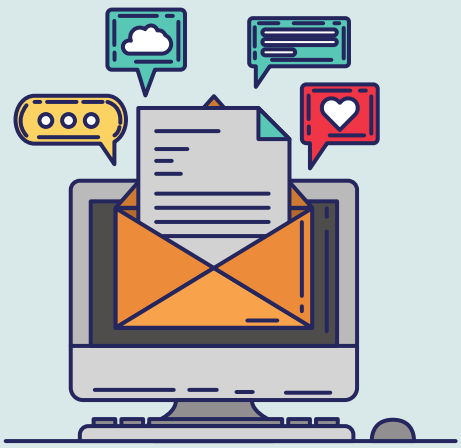

A comprehensive **ICT training session** was conducted at **Shree Gattu Vidyalaya**, **Ankleshwar** benefiting 68 teachers on 06/12/24. The training, led by Ms. Miti Desai along with Ms. Glacé Babu, and Ms. Avani Patel all from the Department of **Computer Engineering and Information Technology**, covered fundamental and advanced Microsoft Office skills, including Excel, Word, and PowerPoint.

The teachers showed keen interest in acquiring these skills and expressed enthusiasm for integrating them into their daily teaching, academic, and administrative tasks.

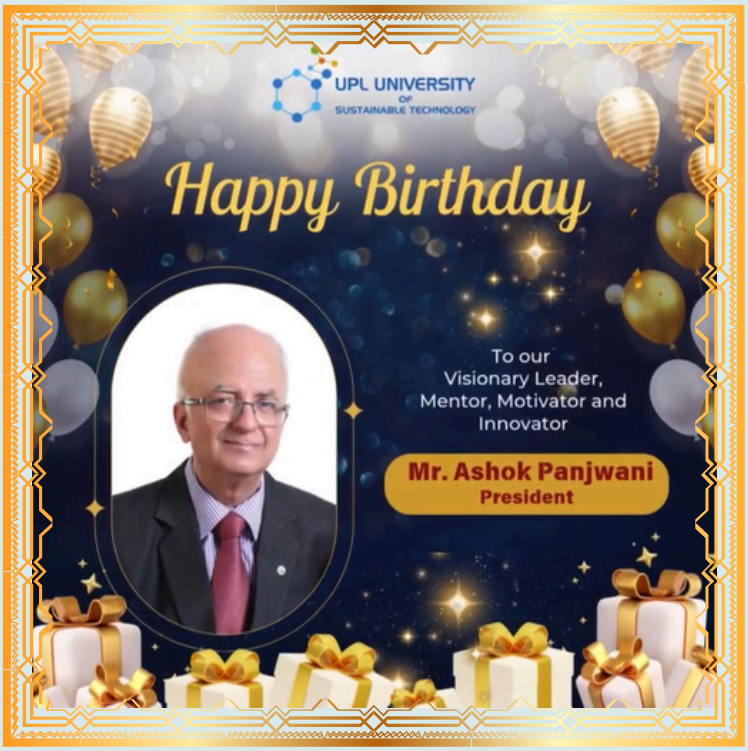

Wishing a very **Happy Birthday** to our visionary leader, Mr. Ashok Panjwani! 🎉 Your exceptional leadership and inspiring vision have been the driving force behind UPL University of Sustainable Technology's success. May this special day bring you joy, good health, and new milestones. Thank you for guiding us towards excellence and innovation. **Wishing you continued success and prosperity ahead**!

Happy Birthday

ACHIEVEMENTS FOR NATION

Heartiest Congratulations to World Chess Champion Gukesh D!

Crowning yourself as a **World Chess Champion** at such a young age is a phenomenal achievement!
Your brilliance, dedication, and strategic genius have made India and the world proud.

This incredible milestone is a testament to your hard work and passion for the game.
We celebrate your success and look forward to many more victories in your journey!
Keep inspiring millions with your extraordinary moves and achievements!

FROM THE DESK OF EDITORS

This Month We organized the ICT Training Program at shree Gattu vidyalaya, Ankleshwar benefiting Around 68 Teachers on 6th Dec 2024.

Looking forward to stay connected
